

		Motor:	36V 250W,included in rear motor ,aluminum alloy
		Controller:	36V 250Wcontroller
frame:	26 inch,high carbon steel,D brake	Sensor:	China local brand,rotation sensor
speed:	7 speed	Brake lever:	power off function,aluminum alloy
fork:	high carbon steel with suspension,31.8	Throttle:	Full grip turn handle + power display + power button switch
handlebar:	620mm*φ22.2*1.2T ,high carbon steel	Display	No
stem:	aluminum alloy,four screws	Headlight :	36V frontlight
grip:	included in throttle	Switch:	included in throttle
fork sets:	threadless,hidden,high carbon steel	Battery:	Lithium battery,36V 5.2AH, with MSDS certificate
washer:	aluminum alloy,5mm*1,10mm*2	Battery charger:	36V 2A,with CE certificate
brake line:	2P,steel core		pure electric mileage:16km
brake:	Mechanical six nails disc brake		Pedal Asisst mileage:24-26km
rim:	double wall aluminum alloy,26*1.75,36H		
spoke:	13# steel		
tyre:	26*2.125,A/V		
tape:	rubber		
front hub:	36H,high carbon steel		
rear hub:	rear motor hub		
BB parts:	68*124.5mm, high carbon steel,sealed bearing	Photo	
chain wheel:	1pcs, high carbon steel, 170mm crank		
pedal:	plastic,9/16		
chain:	steel		
free wheel:	7 pcs		
gear shifter:	thumb shifter		
rear derailleur:	China local brand		
derailleur	SP		
saddle:	black		
seat post:	φ28.6*300*1.2,high carbon steel		
seat bolt:	aluminum alloy,31.8,quick release		
kickstand:	high carbon steel
